7. Diwakar Solar Projects Limited (DSPL), a subsidiary of the Company engaged in setting up solar thermal power plant (100 MW), is affected on account of various factors beyond the control of the management. DSPL has filed petition with Central Electricity Regulatory Commission (CERC) for extension of Commercial Operation Date (COD) and to revise the Power Purchase Agreement (PPA) Tariff for viability of the project on the ground that the bid Direct Normal Irradiation (DNI) was different from the actual DNI. The Management is confident upon tariff revision and extension of COD for executing the project. In view of this the company does not foresee any requirement for adjustment in carrying value of investment of Rs. 219.59 Cr as at September 30, 2017. This is an emphasis of matter in the auditor's limited review report.
8. During the quarter, one of the lenders has recalled its loans given to the Lanco Teesta Hydro Power Limited (LTHPL) an associate of the company and invoked the pledged shares issued by LTHPL as security towards the loan facility amounting to Rs. 296.63 Cr. Vide share purchase agreement dated March 30, 2012, shares held by the company in LTHPL were transferred to Lanco Hydro Power Limited, a subsidiary of the company. The eventual financial obligation on the company is yet to be determined hence no adjustments have been made in these financial results. This is an emphasis of matter in the auditor's limited review report.
9. During the quarter, one of the lenders has recalled its loans given to the group companies and invoked the Corporate Guarantees issued by the company in favour of those group companies amounting to Rs. 7,266.17 Cr. The eventual financial obligation on the company is yet to be determined, hence no adjustments have been made in these financial results including changes that may be warranted due to exchange fluctuations. This is a matter of qualification in the auditor's limited review report.
10. During the quarter, certain customers of the Company encashed Bank Guarantees (BG) amounting to Rs. 516.48 Cr provided by the Company towards advances received and performance security. In the opinion of the management the encashed BG value is recoverable from the customer and necessary steps are being initiated. Consequently, no adjustments have been made in these financial results. This is a matter of qualification in the auditor's limited review report.
11. The Company had been referred to NCLT by one of its lenders and consequently CIRP has been initiated, as detailed in Note 1. During the previous quarter, the Company's Net worth has been fully eroded. The Company's ability to meet its contractual obligations involving EPC Contracts, financial obligations to its lenders and investment commitments to group companies is dependent on resolution of the matters as part of CIRP. Currently the Company is in the process of identifying the resolution alternatives, accordingly the financial results are prepared on a going concern basis. This is a matter of qualification in the auditor's limited review report.
12. Due to constraints in procurement of gas at viable price and also constraints in ensuring power off-take by the DISCOMS, units pertaining to one of the step down subsidiary of the company i.e. Lanco Kondapalli Power Limited (LKPL), is operating on partial load and for partial period. LKPL is hopeful of getting gas supply through government gas pooling initiatives and further hopeful of getting power purchase agreements. Due to accumulation of debt obligations and in the interest of the project, the lenders of LKPL have opted for Strategic Debt Restructuring Scheme (SDR) to facilitate subsequent strategic divestment and conversion of some portion of their debt into equity.

**Independent Auditor's Review Report on Standalone Unaudited Financial Results of
Lanco Infratech Limited Pursuant to Regulation 33 of the SEBI (Listing Obligations and
Disclosure Requirements) Regulations, 2015**

To,

**The Resolution Professional
Lanco Infratech Limited.**

1. The Hon'ble National Company Law Tribunal ("NCLT"), Hyderabad Bench, admitted the Corporate Insolvency Resolution Process ("CIRP") application filed by a Financial Creditor of **Lanco Infratech Limited** ("the Company"), and appointed an Interim Resolution Professional ("IRP"), in terms of the Insolvency and Bankruptcy Code, 2016 ("the Code") to manage the affairs of the Company as per the provisions of the Code. The Committee of Creditors of the Company, in its meeting dated September 12, 2017, confirmed the IRP as the Resolution Professional ("RP") for the Company. In view of pendency of the CIRP, and in view of suspension of powers of Board of Directors and as explained to us, the powers of adoption of this standalone financial results vests with the RP.
2. We have reviewed the accompanying statement of the unaudited standalone financial results of the Company, for the quarter and half year ended September 30, 2017 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as modified by Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016. This Statement which is the responsibility of the Company's Management and approved by the RP (Refer Note 1 to the unaudited standalone financial results), has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to the financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

4. Without qualifying our review conclusion, attention is invited to
- a) Note 3 to the financial results, dealing with cancellation of coal blocks by the Hon'ble Supreme Court, which included coal mine jointly allotted to Tamil Nadu Electricity Board and Maharashtra State Mining Corporation Limited ("the Allottees"). Mahatamil Mining and Thermal Energy Limited (MMTEL), a subsidiary of the Company, entered into Coal Mining Services Agreement with the Allottees of the mine, pursuant to which, the amount invested and advances provided aggregating to Rs. 171.26 Crores, the realizability of which is dependent on the compensation to be awarded under the Ordinance issued by the Government of India. The Company obtained a legal opinion in this regard, based on which, the investment is considered to be recoverable, notwithstanding the denial of obligation by the Allottees in regard to certain cost components, and no adjustments have been made in these financial results, pending the final outcome of claims by MMTEL.
 - b) Note 4 to the financial results, in relation to the carrying value of investments in Lanco Hoskote Highway Limited (LHHL) and Lanco Devihalli Highways Limited (LDHL), subsidiaries of the Company, which have been incurring losses ever since the commencement of commercial operation and accumulated losses incurred so far eroded the net worth significantly. Taking into consideration the management's assessment of the situation including its efforts towards seeking further concessions from grantors, the management of the Company is of the view that the carrying value of the investment is realizable at the value stated therein. Accordingly, no adjustments have been made in these financial results.
 - c) Note 5 to the financial results, in relation to the carrying value of investment in Lanco Hills Technology Park Private Limited (LHTPPL), a subsidiary of the Company, where the accumulated losses incurred so far eroded the net worth significantly. Taking into consideration the management's assessment of the situation including its efforts to complete certain project components through development partners, the management of the Company is of the view that the carrying value of the investment is realizable at the value stated therein. Accordingly, no adjustments have been made in these financial results.
 - d) Note 6 to the financial results, in relation to Lanco Kanpur Highways Limited (LKHL), a subsidiary of the Company, which has received a notice of termination to the Concession Agreement from National Highways Authority of India (NHAI) and simultaneously LKHL has also issued a notice of termination to NHAI. Arbitration proceedings have been initiated to settle the claims and the counter claims associated with the termination as per the Concession Agreement. LKHL has incurred certain costs towards the project during the period when the concession was in force and subsequently, aggregating to Rs. 53.19 Crores, the realisability of these amounts is dependent on the outcome of the arbitration proceedings. Accordingly, no adjustments have been made in these financial results.

- e) Note 7 to the financial results, in relation to the carrying value of investment amounting to Rs. 219.59 Crores in Diwakar Solar Projects Ltd (DSPL), a subsidiary of the Company, which explains the management's efforts in obtaining the extension of revised COD and revision in tariff. In the opinion of the management, the execution of the project with the extended timelines for bringing the assets to its intended use with revised tariff being considered favourably, is still viable even after considering low implementation activities and significant time and cost overruns. Accordingly, in the opinion of the management, no provision is required for any diminution in the carrying value of the investment. Pending the final outcome in the matters relating to extension of revised COD and revision of tariff, no adjustments have been carried out to the carrying value of the investment.
- f) Note 8 to the financial results, in regard to invocation of pledged shares of Lanco Teesta Hydro Power Limited (LTHPL), an associate of the Company, issued by the Company in favour of the lender of LTHPL, amounting to Rs. 296.63 Crores. In view of the factors detailed in the said note and pending determination of the eventual financial obligation on the Company, no adjustments have been made to these financial results.

Our conclusion is not qualified in the respect of the matters reported in paragraph 4.

5. Attention is invited to

- a) *Note 9 to the financial results, in regard to the various Corporate Guarantees extended by the Company in favour of one of the lenders of Group Companies. The lender has invoked these guarantees amounting to Rs. 7,266.17 Crores and is pursuing recovery actions against the Company. In view of the factors detailed in the said note and pending determination of the eventual financial obligation on the Company, the impact on the financial results is also not quantifiable, accordingly no adjustments have been made to these financial results.*
- b) *Note 10 to the financial results, regarding encashment of Bank Guarantee by customers of the Company amounting to Rs. 516.48 Crores. The management is of the opinion that the encashment is not in accordance with the conditions specified in the Engineering, Procurement and Construction (EPC) contract and is of the opinion that the encashed value of Bank Guarantee is fully recoverable and no adjustments have been made in these financial results. Pending initiatives by the management against the invocation of Bank Guarantee, had the impact been factored in these financial results, the Loss for the Quarter would have been higher by Rs. 516.48 Crores with a consequential impact on reserves, to the same extent.*

c) *Note 11 to the financial results, regarding application by the Financial Creditor, initiating the insolvency provisions under the Insolvency and Bankruptcy Code, 2016 (the Code) and the consequential appointment of RP under the Code, and adequacy of disclosure concerning the Company's ability to meet its contractual obligation in respect of EPC Contracts including management's technical estimates in regard to estimated cost to completion, realisation of value of inventories, financial obligations including repayment of various loans including invoked guarantees both by lenders and customers, unpaid interest and the ability to fund various obligations pertaining to operations including unpaid/overdue creditors, for ensuring/commencing normal operations and further investments required towards ongoing projects under construction. These matters essentially require the Company to resolve the situations specified therein within the framework specified through the CIRP. Under these circumstances, the possible erosion in the carrying value of Investments is also not ascertainable at this point in time. In the absence of any specific guidance or direction that can be assessed out of CIRP, material uncertainties exist that may cause significant doubt on the Company's ability to continue as a going concern. The appropriateness of preparation of financial results on a going concern basis is subject to the Company's ability to resolve the matters through the CIRP or such other forum or manner as specified in the said Note.*

6. Based on our review conducted as stated above, *except for possible effects of the matters specified in Para 5 above*, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with aforesaid Indian Accounting Standards and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 as modified by Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016, including the manner in which it is to be disclosed, or that it contains any material misstatement.
